

MACHEREY-NAGEL NucleoBond® Xtra Promotion

Bond... NucleoBond®

There has never been a smarter way of doing your preps

NucleoBond® Xtra Midi/Maxi (Plus)

The new generation of anion exchangers for transfection grade plasmids! Optimized matrix, buffers, and column geometry result in up to 60% reduced prep times and more than 100% increased yields (compared to other commercially available plasmid Midi and Maxi kits).

NucleoBond® Xtra Midi/Maxi (Plus) EF

Available to purify even endotoxin free (EF) plasmid DNA

Get 20% off plus irresistible
HARIBO® Gummy Bears now*
(tubs with 72 mini bags)
